

Medium Term Accommodation

On average, people on the NDIS are waiting 160 days for supports to be put in place to allow them to safely leave hospital. Many of these people have no medical reason to remain in hospital. From September 2022 there were 1,834 NDIS participants medically ready for discharge, that's 59% of all NDIS people in hospital.

Bradannii has a legacy of supporting NDIS participants to leave hospital and start living their lives again in one of our specialised Medium Term Accommodation homes. We understand the importance of providing a well supported home environment with qualified staff to make the wait until your permanent residence is ready.

What makes us different?

Bradannii is a boutique company, staffed by a passionate team who want to make a difference in the lives of people living with disabilities. We are flexible and dynamic in finding the right solution for every participant, even is that means looking outside the standard NDIS box.
